What we do : (...coming soon.)

Peace Advantage is looking to the future and the next couple of year promises to be just as exciting as the initial birth and upward growth of the company.

There are discussions and plans to partner with capable technical entities in a bid to provide EPC services in the industry. The eventual JV vehicle will train and enhance the skills of the local workforce with a high priority on safety, creating a long-term sustainable workforce in the region.

Also on the horizon for **Peace Advantage** is a possible partnership with an international manufacturer with a view to enhancing local content footprint in the industry.

The future indeed is bright.
